

ACTAS Px60 Quick Start Guide Exporting Test Job Report

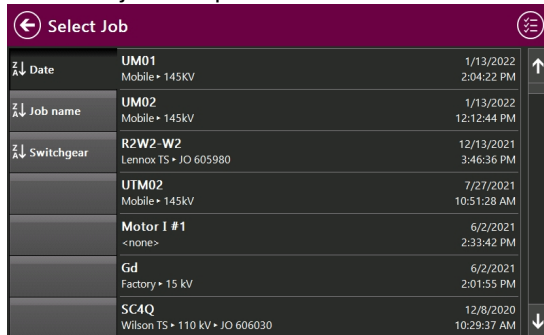

1. Power on the ACTAS Px60.
-Select “Jobs” tile on the touch screen to export a test job report (as a PDF) or to export a test job data (to be opened in ACTAS PC Software) to a USB flash drive.

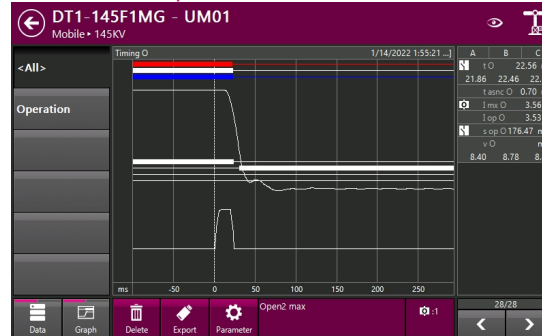

2. Select “Show all” to view all saved testing jobs available to export.

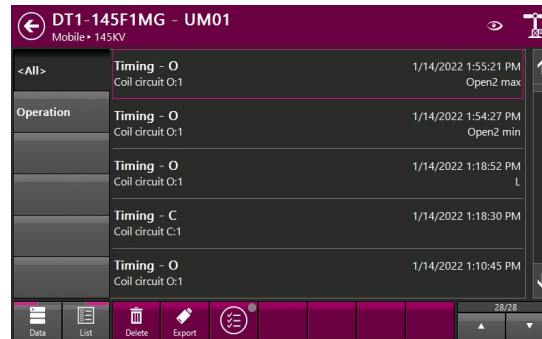

3. Select the job to export.

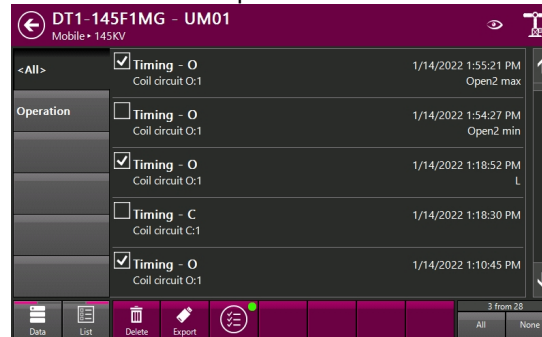

4. Select the “Graph” on the touch screen

5. Select the “Check list” icon

6. Select the tests to export or select “All”

7. Insert a USB Flash Drive and select “Export” then choose between Test Data (to be opened in ACTAS PC Software) or Report (as a PDF). From here you can select a single report file or a separate report files.
