

ACTAS Px60 Quick Start Guide Exporting Test Jobs

1. Power on the ACTAS Px60.

-Select “Jobs” tile on the touch screen.

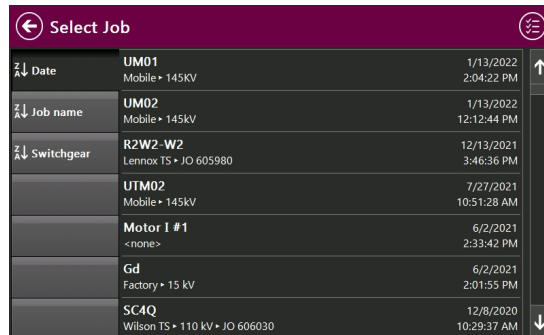

2. Select “Show all” to view all stored test jobs.

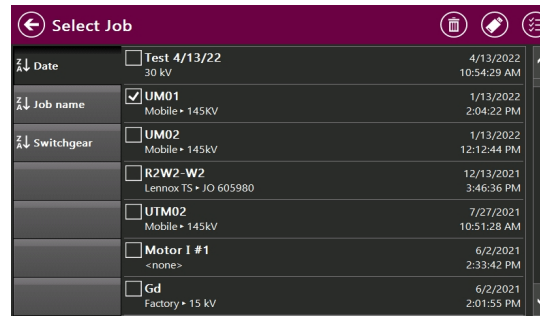

To export a PDF report and/or job data from only one specific test step skip to **step 5**.

3. Select the “Check list” button.

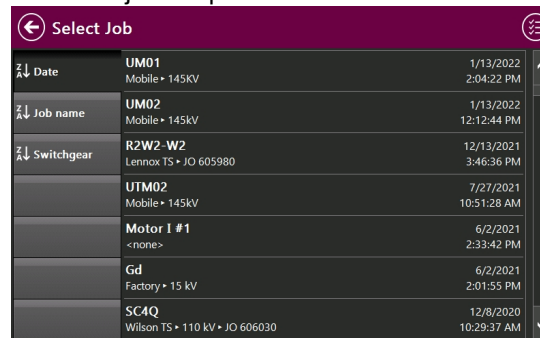

4. Select the job(s) from the list to export.

-Insert a USB drive* into ACTAS Px60 USB A port.
-Select the **flash drive** button to begin export.

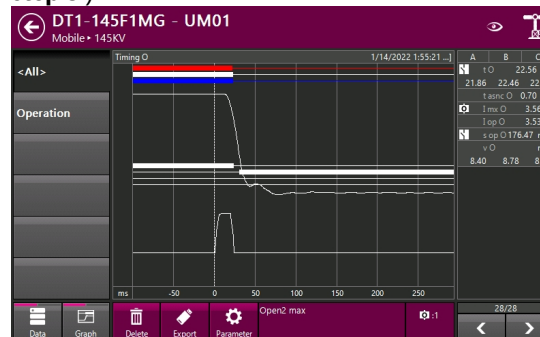

The above export method will export a job data file to be opened in ACTAS PC software consisting of ALL test steps in the selected job.
Select the job to open from the list.

- 5.

- 6.

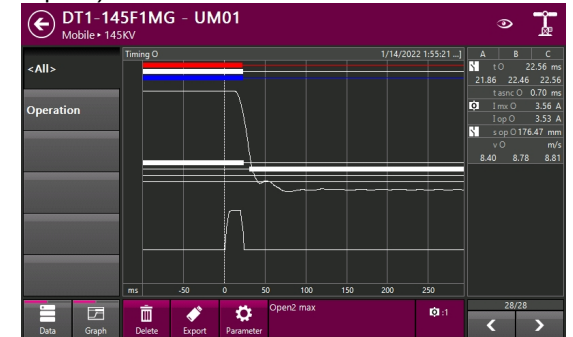

From the graph view, test steps can be scrolled through using the left & right arrows.
-Scroll through to the specific test step to export.
(For exporting more than one test step skip to **step 8**.)

- 7.

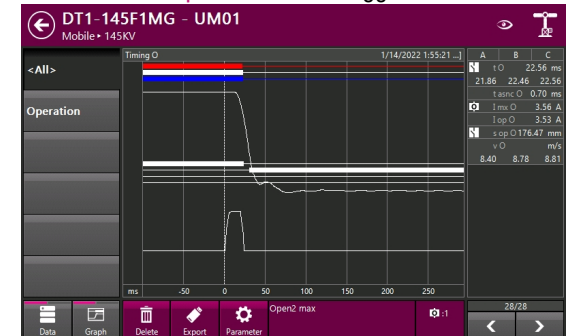

Insert a USB drive* into ACTAS Px60 USB A port.
-Select “Export.”

-Choose between “Test Data” (exports a job data file to be opened in ACTAS PC Software) or “Report” (exports current test step as a PDF report.)

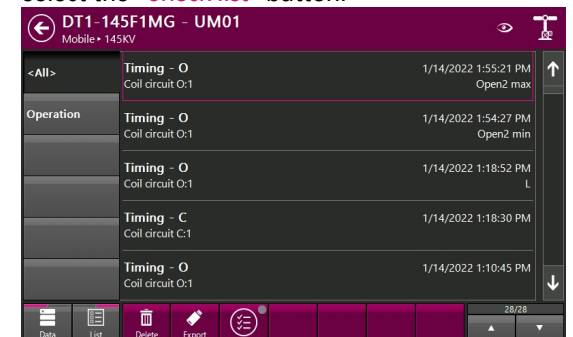

- 8.

Select the “Graph” button to toggle to list view.

- 9.

Select the “Check list” button.

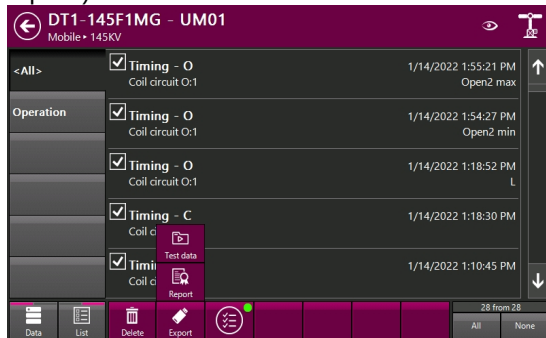

- 10.

Select the test steps to export or select “All.”

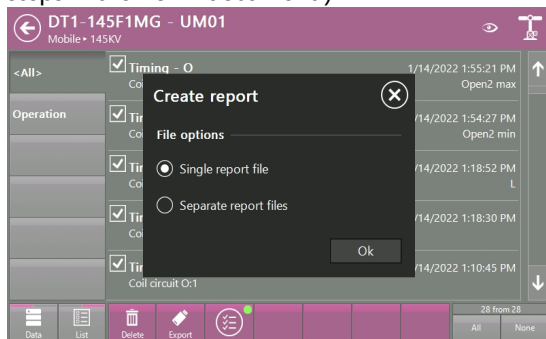

ACTAS Px60 Quick Start Guide Exporting Test Jobs

11. Insert a USB drive* into ACTAS Px60 USB A port.
-Select "Export."
-Choose between "Test Data" (exports a job data file to be opened in ACTAS PC Software) or "Report" (exports test steps selected as a PDF report.)

- A report can be generated as a "single report file" (all selected test steps in one document) or as "separate report files" (each selected test steps in their own document.)

Note, the information saved under "user data" in the "General Settings" of the "Service" menu will show up on the exported PDF report.

The screenshot shows the 'General Settings' form with the following fields:

Field	Value
Name	Service
Company	KoCoS America
Street	19 Railroad Ave. Suite A
Postal code	02891
Country	USA
Email	info@kocos.com
Logo	KoCoS A FRIEND OF ENERGY
Town	Westerly, RI
Phone	1(401)622-0149
Web	kocos.com

*USB flash drive used must be formatted as **FAT32** (this is a typical default on most flash drives.)

If ACTAS Px60 is equipped with a Wi-Fi dongle in USB A port, first remove this to then insert flash drive.
